U. S. WILL AGAIN AWAIT THE NEXT GERMAN ACTION

All Serene Unless There Should Be Further Attacks on Ships.

OFFICIAL VERSION OF NOTE RECEIVED

Wilson Is Displeased at Language and Conditions Imposed Therein.

WASHINGTON, May 6.—The probability that a diplomatic break with Germany has been averted, at least temporarily, was strengthened today when the official text of the German note laid before President Wilson and Secretary Lansing was found to be almost identical with the unofficial version sent to the United States in press dispatches.

Officials had indicated that should the official text bear out the unofficial version, they thought it improbable diplomatic relations would have to be severed unless there should be further attacks upon merchant ships in violation of the new pledges given. Disappointment has been indicated, however, over certain features of the German reply and high officials believe it at least cannot be accepted unconditionally. The president and Secretary Lansing studied the text carefully today.

Opinion as to whether the note requires an answer seems divided. Decision, of course, rests with the president and until he has made up his mind, it is unlikely an official expression of opinion will be forthcoming. So far he has not indicated to any one his final judgment in the matter.

No Reply at Present.

It is entirely possible that no reply will be sent for the present at least and that the president will maintain silence for a time, allowing Germany to demonstrate on her own behalf the good faith of her intention to carry out the policy indicated in her new orders to submarine commanders. Although the president realizes that the promises given are the cardinal elements of the note, he is understood to be displeased over the language used and the conditions apparently attached.

Should the note be accepted as satisfactory and a reply sent, it is expected to take the form of notification to Germany that the United States has decided not to sever diplomatic relations so long as the new submarine orders remain effective and are observed.

Can't Doubt Good Faith.

The only indication regarding the personal attitude of President Wilson was obtained today from persons close to affairs of the White House, who described his attitude as one in which he could not question Germany's good faith, unless the declaration made by the German government should not prove effective. Count von Bernstorff, the German ambassador, returned to Washington today from New York. He said he had no instructions from his government to discuss the situation with Secretary Lansing and that he did not intend to go to the state department unless he should be so instructed by Berlin or Secretary Lansing should invite him to call. Officials would not be surprised, however, if the ambassador should be instructed to call upon Secretary Lansing next week after he and President Wilson have had sufficient time to reach conclusions.

Text Made Public.

The official text of the German note was made public today by the state department. Ambassador Gerard in transmitting the document said he had received copies in both German and English. A slight difference in the text occurs in that paragraph where the unofficial version says Germany "has decided to make further concession, adapting the methods of submarine warfare to the interest of"

TO TAKE SCHOOLS OUT OF POLITICS

Ada Citizens Will Fight to Abolish Present State Board of Education.

Removal of Briles, Purely for Political Purposes, Has Incensed Citizens.

Can't Doubt Good Faith.

Special to The World.
ADA, Okla., May 6.—The move to take the appointment of the state board of education out of the hands of the governor of the state and vest it in the legislature that originated in a mass meeting here a few nights ago has assumed larger proportions. The committee appointed by J. F. McKeel today issued its address to the citizens of Oklahoma, asking that the voters throughout the state assist in this cause.

The committee was chosen from Ada and other towns in the East Central Normal district. Men from all parts of the state volunteered their services, but Mr. McKeel said his idea was not to go outside of the school district for members of this committee.

Effort will be made to get the cooperation of all the counties in the state. Assurances have already begun to come in that the voters are with the movement started here and that assistance possible will be given.

ENVOYS MEET TO SIGN PROTOCOL ON EXPEDITION

Final Conference Between Scott and Obregon Will Be Held Today.

CARRANZA SANCTIONS TERMS OF AGREEMENT

Negotiations for a Formal Treaty Will Follow Soon, It Is Announced.

BULLETIN.

EL PASO, May 6.—First Chief Carranza sent a message to General Obregon tonight informing the Mexican minister to war that he had found the agreement with the United States satisfactory with the exception of a few minor points. It now is believed the final conference will be held tomorrow when the protocol will be signed.

WASHINGTON, May 6.—General Carranza's approval of the Scott-Obregon agreement still was lacking tonight, delaying formal ratification of the plan for co-operative action drawn up by the two officers in their conference at the border. Neither the war nor state department had received any dispatches bearing on the attitude of the de facto government and the Mexican embassy also was without information.

Negotiations for a formal protocol covering the subject of the expedition is expected to be resumed here after the Scott-Obregon agreement has been ratified. While the latter deals with the military features it is thought necessary to work out diplomatic features through regular diplomatic channels. General Carranza's note of April 12 suggesting that discussion of the withdrawal of the American forces be taken up, suspended negotiations then in progress for a protocol. If these are to be resumed the ground will have to be gone over again in the light of the border agreement.

SOCIALISTS MARCH IN SOLID PHALANX

Report That Only 1,000 Voters in State Have Yet to Register.

Special to The World.

OKLAHOMA CITY, May 6.—Pat Nagle, who is assisting in the campaign of registering for the Socialists of the state, said today that not more than one thousand Socialists had yet to be registered, so thorough is their organization and so systematic had the registration been conducted in that party since the registration commenced. He predicted that the registration would be largely in excess of the vote polled by the Socialists in 1914, which was then fifty thousand. This means that the registration will amount to something like sixty thousand or sixty-five thousand in the state. Speaking of the campaign, Mr. Nagle said that he would not be surprised if the Socialist delegation in the next legislature would number more than twenty members.

In the opinion of some of the members of the Socialist party this is a fight between the Democrats and Socialists and not so much between the Republicans and Democrats. And the fight of the Socialists is not on the rank and file of the Democratic party.

EXTRA! REGISTRARS PLEASE IN ONE TOWN

Noble County Republicans Have No Complaint to Make of Activities.

Special to The World.

PERRY, Okla., May 6.—Noble county Republicans so far have no complaint to make on the registration. The registrars in the different precincts are apparently making every effort to have every voter register. Many of them are driving to the homes of voters, regardless of politics, registering many who would not otherwise take the trouble to look up the registrar. The Republican vote in many precincts exceeds that of two years ago, and this is accounted for by reason of many former Democrats coming out openly and declaring for the Republican cause from national ticket to county. Indications are that the Socialist vote will be double that of two years ago, this being made up from disgruntled Democrats who will not vote the Republican ticket and are disgusted with state and national affairs as conducted by the Democrats. The Socialists heretofore have polled about three hundred votes in the county.

Remarkable Figures Prove Potentiality of the City

TULSA BEAT LARGE TOWNS IN PERMITS OVER \$30,000,000 IN TULSA'S BANKS

One of Two Cities in Oklahoma That Exceeded \$100,000 Increase of More Than 20 Per Cent Since Last Call in March.

AN UNUSUAL RECORD FIGURES BY YEARS

Less Than 25 Cities in the United States Outdistanced Her.

ONLY two cities in Oklahoma exceeded \$100,000 in building permits for the first quarter of 1916, these being as follows:

Tulsa, \$1,178,975
Oklahoma City, \$382,905

Outside of Oklahoma the report by Bradstreet's shows less than 25 cities in the entire country that exceeded the activity in Tulsa. This is such a remarkable condition of growth that the actual figures are worth careful study. They show that Tulsa exceeded Denver, Portland, Jersey City, Los Angeles, Houston, Nashville, New Orleans, Atlanta and many other cities.

Expect a Decision in Lane Injunction Case Monday; Osage Hearing Closes After Hot Arguments

WASHINGTON, May 6.—At the conclusion of all day hearing before Justice McCoy of the District of Columbia supreme court, Justice McCoy announced that he hoped to be in readiness Monday to announce his decision in the injunction proceedings brought against Secretary Lane by members of the Osage tribe to restrain him from approving new oil leases in the Osage nation in accordance with terms of the resolution adopted by the Osage council in this city on June 17 last.

While the department's answer to the petition and prayer of the petitioners for a permanent injunction was not filed with the court until late Friday, Assistant Attorney General Vogelsang of the interior department summed up the secretary's answer by declaring: "If there is any error in this case it is not subject to correction by any court."

The department also contended that a majority vote of Osage council was not necessary to bind the council, a majority vote of a quorum present being alone necessary. Justice McCoy coincided in this view, which was one of the strongest arguments of attorneys for petitioners that the council's action last June was not binding. Justice McCoy ruled late Saturday afternoon that the Osage council was a legislative body.

BAND ROUTED BY U. S. TROOPS IN FULL FLIGHT

Washington Jubilant Over Attack on Villistas by Howze's Cavalry.

42 MEXICANS WERE KILLED IN FIGHT

Annihilation Would Have Been Complete Had Not Warning Been Given.

Special to The World.

COLUMBUS, N. M., May 6.—Without proper clothing or food the tired, broken Mexicans who composed the band routed at Ojos Azules by American cavalrymen, are making their way aloft toward the mountains, according to reports here tonight. The bandits, scattered in small groups, were said to be in the vicinity of Llanos and headed apparently toward Socorro, near the terminus of the Kansas City, Mexico & Orient railway, and about forty miles from Ojos Azules. Close on their heels are picked troops of the Eleventh cavalry under Major Robert L. Howze.

Further reports indicated that Major Howze's plain of surprising and making the entire bandit force was frustrated only by the alertness of a goat herder. The cavalrymen already had dismounted and were closing in on the enemy with their pistols drawn when the sheep herder gave the alarm and the Mexican bandits sounded the retreat. The Americans seized a number of the Villa mounts and a quantity of arms and equipment.

General Joan J. Pershing, the expeditionary force commander, recently received reports of the whereabouts of Villa, in which the American commander is said to place some degree of credence. In some quarters belief was expressed that Major Howze's command was investigating these reports when they encountered the Villa bands.

Kill Ten Mexicans.

Ten Mexicans have been killed in the last few weeks by American soldiers who caught them cutting the field telegraph wires, according to authentic reports here tonight.

Report of the Fight.

FELIX, N. M., May 6.—Near Namiquipa, by wireless to Columbus, N. M., May 6.—A full squadron of 120 men of the eleventh cavalry surprised and routed a much larger force of Villistas at Ojo Azules, 17 miles south of Columbus, early yesterday. By actual count 42 Mexicans were killed and a number wounded, but there were no American casualties.

The American command under Maj. Robert L. Howze, had been pursuing the Villa bandits under Gen. Cruz Dominguez and Julio Acosta, for

WAS NOT GUILTY OF MURDER

Arthur Hurd is Acquitted of Attempt to Murder.

Special to The World.

CLAREMORE, Okla., May 6.—Arthur Hurd of Tulsa was Friday evening pronounced not guilty of an attempt to murder Dennis Jones at Tulsa on Decoration day, two years ago. Hurd shot Jones with a revolver in the store of W. C. Rogers, chief of the Cherokee Indian tribe. Jones did not die of the wound, but was very seriously injured. The testimony showed that Jones had been making threats all over the community of his intention to kill Hurd, who beat him to it. This is the second verdict of not guilty returned this week in the Rogers county district court, the first being that of James Keenan of Collinsville, accused of stabbing Ed Guston at Collinsville on the night of September 8, 1915. The state failed to prove its case to the satisfaction of the jury. This case occupied four days. Two other murder trials are set for next week.

Man Who Killed Rancher Caught by His Own Son

Special to The World.

SALLISAW, Okla., May 6.—Clay Agent, who Friday night shot and killed Bert Watson, a prominent stockman, at the home of Mrs. Dan Brickett, was arrested today by his own son, Will Agent, city marshal here.

After the shooting last night Agent fled to the house of Othello Speltz. Hearing noises under the house, Speltz summoned the marshal, who discovered his father. The older Agent had been hidden there for several hours. Drink is said to have been the cause of the shooting. Several years ago, according to stories current here, Agent shot and killed his wife while drunk.

ALBANY, N. Y., May 6.—The defense reports committee, incorporated today, was chartered today. One of its objects is to spread facts vital to national commerce and industry in reference to security and preparedness by means of paid space in the American press and any other media.
